EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jacques Etkowicz Reg#41,738 on 3/15/06.

IN THE CLAIMS:

In **Claim 24** delete on line 8 "at least one of i)", and delete on lines 10-11 "and/or ii) comparing the edge intensity along the line structure to the edge intensities along different directions at the same boundary points".

Cancel **claims 26-28**.

This amendment was made in order to advance the prosecution since the limitations contained USC 112 problems as well as would have required a USC 103 rejection.

Response to Amendment

The amendment received 12/22/05 has been entered in full. Due to the amendment the application is now in condition for allowance.

Allowable Subject Matter

Claims 1-25 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 17-22 and 25 were allowed in the previous office action. Claims 11, and 13-15 were objected

Art Unit: 2625

to as containing subject matter that would be allowable if rewritten in independent form. As claim 13 has been incorporated into claims 1,23, and 24 these claims are allowable. Furthermore claim 11 has been rewritten in independent format these claims are now allowable. The remaining claims are dependent claims and thus are allowable as well.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
